

HIGHPOINT SOLUTIONS ACQUIRES SYSZEN TECHNOLOGIES TO ENTER HEALTHCARE, FINANCIAL SERVICES AND RETAIL MARKETS

Nearly \$40 Million in Projected Revenues for 2007

June 30, 2007 PHILADELPHIA and EAST BRUNSWICK, N.J. HighPoint Solutions, LLC, a leading life sciences IT consultancy, has acquired New Jersey-based SysZen Technologies, Inc. With this acquisition, HighPoint will increase its employee count by 33% to over 300 professionals company-wide with projected revenues of nearly \$40 million in 2007.

SysZen, a leading provider of high-end Enterprise Technology Architecture and Integration Solutions, will further support HighPoint's life science practice areas, while enhancing HighPoint's penetration into the healthcare, financial services and retail markets. SysZen has clients across multiple industries, including pharmaceutical, healthcare, financial services, and retail.

"Although our company's primary focus remains on pharmaceutical and life sciences IT consultancy, there is great demand for our services from many sectors," said John Seitz, chief executive officer, HighPoint Group. "Our objective is to develop broader service offerings within our core life sciences business while bringing our world-class services to other industries. We believe that acquisitions like SysZen will enable us to continue to penetrate various industries to help companies increase their IT effectiveness, improve productivity and increase operational efficiency.

"SysZen's strategy, leadership, culture, and approach to the marketplace serve as an impressive complement to our organization's strengths, and we believe that our collective solution suite will offer tremendous opportunities for our combined customers and staff," continued Mr. Seitz. "

"We were looking for a strong partner with strong expertise in enterprise data intelligence, business intelligence and integration experience," said Bhavik Daftary, chief executive officer, SysZen. "HighPoint has a proven reputation for delivering high-impact, high-value solutions to its clients."

SysZen will operate as a wholly owned subsidiary of HighPoint. Mr. Daftary will continue to manage SysZen as part of HighPoint Solutions.

About SysZen

SysZen is a leading technology services and solutions provider offering scalable, flexible, fully automated, and highly integrated solutions designed to manage the extended enterprise for optimal performance. As Business integration experts, the Company specializes in analysis, architecture, and development of solutions.
